## BELIZE IBC: OVERVIEW

Belize is an independent country within the Commonwealth bordered by Mexico, the Caribbean and Guatemala. It is 24,000 sq km in size, with a population of 300,000. The country is heavily forested with tropical rainforest. The climate is sub tropical, with an annual mean temperature of around 80 degrees. The currency is the Belizean dollar, fixed at BZ\$2 = US\$1.

Due to racial harmony and religious tolerance, the many different racial elements in Belize have mixed and blended successfully, and Belize has gained a widespread reputation for its friendly people. English is the official language although Spanish, Creole, Garifuna and Mayan are widely spoken throughout the country. The religion is mainly Christianity: both Roman Catholic and Protestant. Small groups practice Islam, Hinduism and Bahai.

Belize has a democratic, bi-cameral legislature based on the Westminster system and a legal system based on common law. The Head of State is Queen Elizabeth II of Great Britain, represented by Governor General Sir Colville Young since 1993.

Employment levels have been stable in recent years, with a growing economy, following the issuing of bonds for national debt in 2006. Recent figures from the Belize Central Statistic Office reveal that the population of the country is increasing rapidly and fast approaching 300,000 permanent residents.
